Good Morning Don,

Copied on this email is Victor Svilik, the new owner of the Grinder property. Victor would like to be included on your agenda mailings and would be most interested in the BID's progress with respect to amending the current CDO restrictions. He also had some questions about why our Council Office did not support Chick fil A, which I really did not have the answer for, other than it was in direct conflict to the CDO.

Although they do not have a defined focus for their new property, they are a family run organization so they carry the same, "pride of ownership" passion that we do here at Drollinger, so we definitely have something to look forward to it.

Yours for a Greater Westchester!

Miki
